Newsletter

Thank you!

Alhamdulillah, we are now in 2020. We would like to thank all of our beloved students and parents for the tremendous support and dedication in our school activities and events this whole term. We are excited to bring you to a new chapter! But! Before that, let's recap and cherish the moments!

Message From Principal

Assalamualaikum warahmatullahi wabarakatuh.

Welcome to IDRISSI International School!

We are proud to present you our first newsletter issue that wrapped up the whole activities in Term 1, 2019/2020. From the bottom of my heart, I would like to thank our beloved students and parents for the unwavering supports shown in every activity we held together throughout the whole term. Without everyone's involvement, this success could not be achieved alone.

Alhamdulillah, we have been blessed with the academic and management staff who are not only dedicated but are truly caring and willing to go the extra mile for the students. Every year, the bond is strengthened, thanks to the programs which involved students, teachers and parents. We believe the strong tri-partite system is the core to child's education success.

We were immensely proud to have our students succeeding in a lot of areas which in turn, help to bring IDRISSI School to be on par with the world's standard. We look forward to strive for all-round excellence and celebrate more success together in the future.

My office is always open for students to come and let me know of their concerns, and certainly, it is always open for you to discuss on how IDRISSI School can provide the best in your child's learning.

Julie Wong
School Principal

GOLDEN WONDERS OF THE WORLD EXHIBITION

Your Journey Begins Here

Have you ever wondered how discarded boxes, plastics, papers and more recyclable materials could build the wonders of the world? Even after the exhibition ended, it feels like a dream seeing how all those amazing 3D replicas were presented.

Good job to students and teachers for successfully turning the hall into a destination of 20 wonders of the world which include the Grand Canyon, the Great Wall of China, Mount Everest, the Great Barrier Reef, Paricutin, Hveravellir, Taj Mahal, Pyramid, Hagia Sophia, Colosseum, Stonehenge, Petra, Bell Rock Lighthouse, Galapagos, Umayyad Mosque, Alhambra, Hanging Gardens of Babylon, Lake Baikal, Iguazu Falls and Tropical Rainforest.

BOOX: AN AUGMENTED CAMPAIGN FOR DYSLEXIA

In collaboration with UCSI University, we reached out to the public through an awareness campaign designed with interactive posters, infographic, documentary videos, motion graphics and 2D animation videos.

Graduation Day & Party

Graduation ceremony always gave us a mix of emotions and it was a memorable one for us all, parents, teachers and our little ones because it was their last day with teachers and friends before stepping to Year 1. As always, they moved our hearts seeing how they grow up, read their pledge, and perform a great yet adorable performance in the robe and mortarboard. Congratulations, our little stars!

Aloha! Look at the students rocking the hula skirts and leis during their graduation party! We threw a Hawaiian Graduation Party for our preschool students who graduated this year by dancing, playing games, swimming in the pool, playing on the water slides and eat delicious food! Congratulations to our preschool graduates!

Do you know how to pronounce
ee... oo... ar... th...?

These are what we call phonics! Phonics is one of the early literacy practices that parents wish they would have known sooner. We are grateful for the active participation by parents because not many knows that phonics is a key to early reading and spelling success. This could be a good start for parents to spark children's interest to read.

We made a fun day for our little explorers to recap some lessons and apply their skills in a real journey - this explorace! They had an experience of holding a turtle, finding chicken eggs, interacting with goats and picking up litter along the way. Everyone had fun trying new things! May the activities sharpen their skills and benefit them in the long run.

Preschool Explorace

BOOK WEEK

Who does not love the scent of books? Our Book Week was not just about reading but we built up students' excitement to read by doing a lot of fun activities, which in turn their love towards reading will not wear off! We went to Shakespeare's Play - "The Tempest", watch "The Bear" Theatre, had a day of fluffiness - snuggled in our pajamas while reading, learned about Malay's legendary folktale, cooking competition, poetry slam, book sales and more!

Book Parade by cheerful students of Year 1 - Year 3 wrapped up the Book Week with beautiful costumes of their favourite characters!

HARI BAHASA

Being an international school does not stop us from expressing our love towards Malay language. We did lots of activities such as ladder games, scavenger hunt in the pool and more.

SHEIKH HUSSAIN YEE'S TALK

IDRISSI Islamic Advisor, Sheikh Hussain Yee shared his wisdom and guidance on how to face the western ideology in the world today. The input reminded us that even though it is nice to do whatever we please, it is always better with Allah's pleasure. As long as this reminder rings in our hearts, different ideologies would never bring any harm.

UNLOCK MATHS MYSTERIES

Maths can be mysterious sometimes - there were times we got an answer, but a friend next to us got a different one. The students got a chance to add their maths skills and subtract their confusion away during the workshop with Ustadh Mior, our experienced maths teacher.

CSR TRIP TO KUALA GANDAH

Just after their assessment, the students had the most exciting day at the National Elephant Conservation Centre, Kuala Gandah. They helped to clean up the elephant shelter, feed them with fruits and fall in love with them after so much adorable interactions.

Hall of Fame

We are proud to shout about the success brought by our students in different levels. Keep up the good work!

NEW PROGRAMMES @ IDRISSE SCHOOL

Our play therapy sessions help children who have behavioral and emotional problems to express their feelings freely.

Play Therapy sessions are suitable for children who:

- * Always feel sad and fear
- * Neglected
- * Learning disorder (ADHD, Autism)
- * Anxiety disorder
- * Difficult life events such as parental divorce
- * Shy and low self-esteem
- * Anger management issue (throws tantrum)
- * Bullying, violence and abuse

LEGO®-based therapy is a social development programme that helps children to communicate with others, change behaviours, express feelings, develop problems-solving skills, and develop a relationship with the world around them.

LEGO®-based therapy sessions are suitable for children with:

- Autism spectrum disorders *
- Any related social communication difficulties *
- Asperger's syndrome

Our tahfiz programme allows students to have effective Quranic memorisation guided by qualified Quranic Instructor.

The syllabus focuses on:

- * Makharij
- * Teelawah
- * Tajweed
